# CHALLENGERS CHATTER

APRIL 2015

# We've done it again!!

State & National Endurance 1000 winners, 2014, for a second year in a row!

Congratulations to all 64 swimmers who contributed to amass 23,410 points, a mere 5,286 ahead of Tasmania's Talays Club and more than double of Queensland's second place-getter, Miami Masters (11.220).

Five of our swimmers achieved maximum points (1,005): Dyanna Benny, Geoff Lander, Rob Lucas, Mark Powell and Irene Symons.

Irene could only manage her swims on Saturday afternoons, as she is busy running the Kenilworth News agency, but still makes the time most weeks, a one hour drive to the Noosa Aquatic Centre.

Without timekeepers, the swims could not happen. Many swimmers were happy to hold the stopwatch after doing their own swims

Our club is fortunate and most grateful to have several non-swimmers who very regularly hold stopwatches. Thanks to: Lorna Lander, Bob Martin, Robyn Mitchell and Olga McCausland.

Last, but by no means least, success in the Endurance 1000 programme would not have been possible without ...

#### our co-ordinator, Mary Lester

who dedicates endless hours each week ensuring that the paperwork is complete, encouraging and sometimes cajoling members to swim "the extra mile".

Special mention to Mary's ever-efficient lieutenants, Marcia Kimm and Bruce Warren, always there to keep the show running.

Let's help Mary achieve success again in 2015 "A TRIFECTA"!!

... Tony Frost

### **Noosa wins 2014 State AND National Endurance Trophies**

#### Lois Hill in Hobart ...

Buoyed by her 2 Silver and I Bronze medals at the Queensland Masters Swimming Championships in Townsville last month, Lois headed for Hobart to have a crack at the Backstroke and Freestyle events for her 70-74 years age group. Competing for her Victorian club (Power Points), Lois finished the meet on a high with 3 Silver and 4 Bronze medallions, including 3 Victorian State Records!

Her results ..

50 back-	2nd,	47.32
50 free	4th	42.70
100 free	3rd,	1.32.70
100 back	2nd	1.43.65
200 free	3rd,	3.22.84
200 back	2nd,	3.46.76
400 free	3rd.	6.58.07
800 free	5th	14.45.94

... a great effort !!

On behalf of Noosa Masters, Lois graciously accepted the 2014 National Endurance 1000 Trophy at the official presentation in Hobart, then organised to relay it back to Noosa via Tracey Clarkson and Brian Hoepper.

Well done and thanks, Lois!

### **STUDLEY MAKES A MILLION!!**

In October 2012 I joined Noosa Masters being 48 years old then. I have a sporting background including cricket, but not in swimming. I now started recording my swimming journey with the million metres spreadsheet. I reached one million metres last December 2014, in just over 2 years.

One million metres to me, means commitment to swimming. Training on cold winters mornings or nights. Not overworking, but pushing yourself as much as you can comfortably go. I know that from playing other sports to succeed you have to train well. I attend at least 3 squads a week, one fitness and the other two Masters. Attending squads I find better than training alone, where you can become bored. Noosa has some great coaches including head coach Jan Croft.

No Noosa training session is the same, so you don't get disinterested. You meet nice people, get fit and work on your technique. That to me is a quality session.

I intend to continue swimming journey and hopefully in 2 or so years I will reach 2 million metres. By that time hopefully my 2 weakest strokes backstroke and butterfly will have improved. I also intend to continue with the endurance program and keep attending swim meets. The highlight of swim meets so far was attending the recent Pan Pacs on the Gold Coast with our club. This included an open water swim.

So as a Noosa coach once said "keep swimming", I know that I will.

### **ROUND 4 - HANDICAP SERIES**

#### Round 4 Roundup

Leading up to Round 4 of the Handicap Competition we had fewer entries than previously. But the high number of late entries (hint! hint!) ensured good numbers for each event. We should have had 28 swimmers on the day but I managed to lose I entry (sorry Carola) so we ended up with 27 swimmers entering 104 events.

There were 2 visiting swimmers - Sally Winter who was holidaying from England, and Fergus Bell from Cooroy. Both recorded "hot" times. We offered to help Sally fill in her migration papers so she could become a permanent member of the club, and we tried to bribe Fergus into joining - not sure whether a bacon and egg roll was enough incentive, though.

On the day, the top scoring team was the Old Folks, followed by the Old Fools, with only a few points separating the Old Farts and Old Fogeys. This has left the Old Fogeys still in the lead in the overall competition, although their leading margin has been reduced.

The cooler weather must have encouraged everyone to swim faster as there were 18 swimmers who improved on their personal best times in 36 events. This included 3 PB's for Wendy Ivanusec, John Hordyk, Tricia Hughes, Terry Mortimer (again!), Jacky Shields and Jess Tye; 2 PB's for Helen Malar, Robyn Selby, Alex Weatherill, Mary Lester, Grin Rudder, and Dee Mooney; and I each for lan Mitchell, Brian Hoepper, Bob Morse, Lynette Clemitson, Sue Silburn and Grant Scotcher. Well done to those swimmers!

Top of the leader board for Round 4 was Jacky Shields who scored 93 points out of a possible 100 - Jack's back! Terry Mortimer continued on his improving way, scoring 86 points, just ahead of Wendy I who scored 85.7 points. This left Terry Mortimer and Ian Mitchell in the top 2 positions on the leader board after Round 4 but the ladies are making a comeback. The next three positions are Tricia Hughes, Sue Silburn and Linda Hogg.

Organisation of the relay teams again proved to be chaotic - we really must devise a better way.!!

to ensure that nobody counted how many times each swimmer swam.

A protest was lodged against the top 2 teams, claiming they were unfairly assisted by the 2 "ring-ins". The protest was dismissed due to lack of evidence!

Viv Merrill bravely stepped into Bruce's shoes and volunteered to be our starter for the day, while Adele Tucker succumbed to pressure to act as chief timekeeper. Both did a great job. Thanks go particularly to them, and to all others who helped set up, do timekeeping and pack up.

It was a fun event with lots of laughter and good humour...

### THERE'S HOPE FOR US ALL!!

### Centenarian swimmer from Japan breaks 1500m record

Mieko Nagaoka, a 100-year old Japanese woman has become the world's first centenarian to complete a 1,500 meter freestyle swim. She took 1 hour, 15 miNs 54.39 secs to finish the race as the sole competitor in the 100-104 year old category.n

She may be nearing 101 years old, but Mieko Nagaoka isn't slowing down -- at least not in the pool.

This weekend saw her add to an impressive career, becoming the first person over 100 to complete a 1,500-meter swim in a 25-meter pool.

Nagaoka, the only competitor for the race in the women's 100- to 104-year age bracket, completed the swim -- which she did backstroke -- I hour, I5 minutes and 54 seconds, setting a world record in the process.

The feat was achieved at a Japan Masters Swimming Association event in Matsuyama, Ehime prefecture. Her official time is expected to be sent to the Guinness Book of World Records for ratification.

The centenarian, who only took up swimming in her eighties while undergoing aqua therapy for a knee problem, has ratcheted a slew of records in her 20 years in the sport, with Saturday's achievement going alongside age class records for everything from the 100m, 200m and 800m freestyle, alongside the 50m, 100m and 200m backstroke.

The Yamaguchi native, who was born in 1914, told CNN through her son: "I feel relieved that I could complete swimming 1,500m. But I will still continue swimming ahead."

Nagaoka remains a dedicated swimmer, training four times a week, for two hours at a time, according to her profile on world swimming body FINA's website.

Hiroki Nagaoka, her son, said "She is some woman. The world first means no one has done it. It was awesome that my mother has challenged and accomplished her goal at her age. She still uses her brain and tries to figure out the best way to swim, she still even tries to change her swimming form to challenge for a record. I'm really proud of her."

CNN's Junko Ogura in Tokyo contributed to this report.

... a communique from France

#### Bonjour,

I looked with anticipation for the results online of the Noosa swimmers at the nationals in Hobart and came up with nothing? But now I know why!!

Gerard and I have been in France for almost 3 weeks and at last the sun is shining. The daytime temp reached 21dC today so spring has sprung and things are starting to look good. We spent a pleasant afternoon planting bedding plants in pots in his courtyard.

I have competed in two swimming competitions so far, the first you are aware of in Brittany and another in Lyon.

It was a busy Easter weekend in Lyon being a tourist and competing. I was hosted by a very hospitable swimming couple in a beautiful house on a hill overlooking Lyon. (Thanks for suggesting starting hosting at our carnival in Noosa.) I have outlined the concept to a swimming friend in Brazil and his club is also going to give it a go.

On Sunday I competed in the Lyon swim meet and won three gold medals! As the only swimmer in my age group that was not hard. My new Speedo Fast-skin goggles were great and stayed on securely as did the new togs.

My club Paris Aquatique won many medals and the trophy of a golden flipper (a gold painted rubber flipper screwed to a piece of wood). It was a very enjoyable weekend.

We were invited to dinner a few nights ago and Gerard had the guests in awe describing Ivan's Kookaburra and parrot feeding times.

Gerard joins me in sending warm greetings to all.

Cheers, Rob

#### There will be no Sunday breakfast during May.

We have our carnival during May and people will be helping out with food that weekend. I will also be away the following weekend and people will be taking food to Sandy and Bruce Warren's party so that should be enough for that month.

# Club Breakfast - Sunday 26 April

As usual, our April breakfast was very well supported by members - thanks everyone who came. We were again treated to a scrumptious and healthy feast - thanks Lanes 3 & 4, well done!!

President Ian Tucker presented Mark Powell with his E1000 Top Points certificate in recognition of his splendid effort during 2014.

Proud parents, Brian and Erica Clancy. came along to see their daughter, Jana, presented with her 10 year membership medal ..

It's hard to believe ,,, 10 years has passed so quickly. Congratulations Jana - we all love you - stick with us for another 10!!

I am pleased to report today (2I Apr) I had the absolute pleasure of visiting Kerryn and Lars at Nambour Hospital with their new baby boy, not even 24 hours old!

Little Hudson Philip David Nesbitt was born last night (20th April) at 10:45pm by Caesarian section, weighing 7.6 pounds & 52cm long.

Lars kindly contacted me last night to advise the baby was on the way, so I was able to get those last signatures on an impressive card, and organise the flowers NAC Staff & Masters planned for his arrival.

Lars & Kerryn were both such proud & doting parents, it was touching to see them enjoying this momentous occasion with friends & family pouring into hospital to visit.

Kerryn said she is looking forward to seeing everyone & there may be a special visit to the NAC when the Masters are readying themselves on the blocks May 16th (no promises)!.

Consumer price comparison site uSwitch says that the microwave is the most energy-efficient way to cook food, followed by a hob and lastly an oven.

"Slow cookers can also be an energy-efficient option – they use just a little more energy than a traditional light bulb," the website says. The Centre for Sustainable Energy (www.cse.org.uk) estimates the average electricity usage of an electric oven between 2-2.2kWh, while a microwave uses between 0.6-1.5kWh.

A slow cooker uses approximately 0.7kWh over the eight hours. Money-saving website goodtoknow.co.uk says the electric oven is the most expensive appliance to use in the home. Using it for an hour each day will cost \$4.55 a week, or \$236.59 over a year. Other websites would agree that the oven uses far more energy than other cooking appliances, like microwaves and slow cookers.

Between an oven and a slow cooker, which would be cheapest?

Electricity costs around 15p (28¢) per kWh, so using an oven for an hour to cook your stew will cost around 56¢ – depending on your

temperature. A slow cooker, which uses around 0.7kWh over the eight hours cooking time as an average of , will cost a third of the price, at (18¢).

Of course, it depends on the temperature at which you cook.. We've assumed that the slow cooker is on a low setting – a little under 100W – and that the oven is also turned down.

So in answer to the question, the slow cooker comes out as the cheaper appliance to use, as well as being a useful way to cook if you have a busy schedule. ...Ed

### **ENDURANCEI000 REPORT**

**APRIL 2015** 

The Noosa Masters Carnival has meant a lot of postal swims have been done that will also count as Endurance points – Oh still my beating heart!

I know that right now our concentration is rightly on our own carnival. So swim, swim, swim for the glory of our wonderful club and to ensure we retain the magnificent Pat Mooney Memorial Trophy.

I'll be away during May (I heard that), playing cowgirl on our friends cattle property whilst they, in turn, are away. However, my henchpersons will be out and about whilst I'm away ensuring that Endurance swimming continues.

Be warned! An Endurance push will be on after our carnival. We need to really up the ante if we are to achieve what would be a fantastic three in a row for the double State and National Champion Club.

In my February article I was happy to report that Club members had stepped up to the mark to form teams to assist with the administrative work of the Endurance Program.

I am now very happy to advise that Tricia Hughes has volunteered to undertake the job of entering your swims into the MSA Endurance Portal and onto the Master Summary Sheets – THANK YOU TRICIA!!

We are now very close to the work of running the Endurance Program being shared by Endurance swimmers instead of one lone soul. This should ensure that no one job is difficult or too time consuming and that everyone has a backup. My thanks!
